DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
READ ENTIRE LABEL BEFORE EACH USE

USE RESTRICTIONS AND PRECAUTIONS
• Apply this product only as specified on the label.
• Aerial applications are prohibited.
• Applications with power duster equipment are prohibited.
• Do not apply this product in a way that will contact workers or other persons, either directly or indirectly through drift.
• Only protected handlers may enter treated area during application.
• Do not allow adults, children or pets to enter the treated area until dusts have settled.
• For use outdoors, do not apply directly to or near water, storm drains or drainage ditches. Do not apply when windy. To prevent product run-off, do not over-water the treated area or apply when heavy rain is expected.
• Do not apply this product in a way that will contact adults, children or pets, either directly or indirectly through drift.
• Remove or cover exposed food and drinking water before application.
• In Homes remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use. Do not use in serving areas while food is exposed.

NON-AGRICULTURAL USE REQUIREMENTS
The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR, Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

Do not enter or allow others to enter until dusts have settled.
Avoid contamination of food and feedstuffs.

For most effective results, follow directions for specific use areas.

READ ENTIRE LABEL BEFORE EACH USE

For most effective results, follow directions for specific use areas.

Avoid contamination of food and feedstuffs.

Kills Exposed Insects and Related Pests including:

- Adelgids
- Alfalfa Weevil
- Almond Moth
- American Black Flour Beetle
- Angoumois Grain Moths
- Ants
- Aphids
- Apple Maggot
- Armypworms
- Asian Cerambycid Beetles
- Asian Lady Beetle
- Asian Pine Tip Moths
- Bagworm
- Barn Flies
- Bat Bugs
- Bean Weevils
- Bean Beetles
- Bat Bugs
- Beef Armyworms
- Beetles
- Birch Leafminer
- Black Carpet Beetles
- Black Fungus Beetles
- Black Turpentine Beetles
- Black Vine Weevil
- Blacklegged Tick Nymphs
- Blister Beetles
- Blow Flies
- Booklice
- Bottle Flies
- Boxelder Bugs
- Broadhorned Flour Beetles
- Broadnosed Grain Weevils
- Brown Spider Beetles

Application Methods:
Apply Evergreen® Pyrethrum Dust using a dust applicator, a shaker can, dust gun, puffor or other bulbous duster, hand pump duster, hand operated rotary duster, static charge duster, or other appropriate hand operated duster.

INDOOR USE SITES:
ONLY APPLY AS A SPOT TREATMENT TO AREAS NO GREATER THAN 2 FEET BY 2 FEET PER ROOM.
INDOOR AREAS: For use in and around indoor areas:

- Animal Areas
  - Animal Quarters
  - Apartment and other residences
  - Asian Markets
  - Attics
  - Bakeries

APPLICATIONS WITHIN FOOD/FEED AREAS

Food and/or Feed areas include areas for receiving, storage (dry, cold, frozen or raw), packaging (canning, bottling, wrapping, boxing and grading), preparing, edible waste storage and enclosed processing systems (mills, dairies, and systems for processing edible oils and syrups). Serving areas are places where prepared foods are served. Do not apply when food or feed processing facility is in operation or foods are exposed. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment.

APPLICATIONS OF THIS PRODUCT IN FOOD/FEED AREAS ARE NOT PERMITTED, OTHER THAN AS A CRACK AND CREEVICE TREATMENT.

Using a duster, apply at the rate of 1.5 ounces of Evergreen® Pyrethrum Dust per 50 square feet directly into cracks and crevices, in expansion joints between different elements of construction, under or between equipment bases and the floor, beneath appliances, into wall voids, motor housing, junction boxes or switch boxes, conduits, behind and under cabinets or drawers, in and around drains, around drain pipes, plumbing and utility entrances, hollow equipment legs and other sites where listed insects can enter or hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

Non-food/feed areas of food/feed handling establishments are garbage rooms, lavatories, floor drains (to sewers, entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Stored Product Pests in Non-Food/Non-Feed Areas:

To aid in the control of stored product pests in listed areas. Apply Evergreen® Pyrethrum Dust at the rate of 16 to 24 ounces per 1,000 square feet [4 to 6 ounces per 250 square feet] of surface area. Clean up waste materials, infested materials, dust, dirt, and any other debris. Thorougly treat floors, walls, shelves, drawers, cabinets and other surfaces in bins, storage and handling areas, around cartons or containers and other areas where these insects tend to congregate. Apply 1 ounce per 50 square feet of surface area into cracks and crevices and other difficult to reach areas where insects may hide. Apply in voids or cracks and crevices in pantries and other infested areas within the structure. When treating for Indian Meal Moth, which tend to alight on vertical surfaces, apply a thin visible layer of Evergreen® Pyrethrum Dust to walls and other vertical surfaces in affected area.

For Use in Storage Sites:

This product can be used in warehouse bins, trucks, cargo ships, mills, bin hoppers, elevators and conveying equipment and other listed sites as a clean up prior to using them for storage. All of the infested stored commodity accumulations and debris should be removed and disposed, with special attention to material lodged in the cracks and crevices. After sanitation measures have been employed, dust all areas prior to use for storage. Apply Evergreen® Pyrethrum Dust, at the rate of 16 to 24 ounces per 1,000 square feet [4 to 6 ounces per 250 square feet] of surface area.

Apply dust to floors, ceilings and partition boards of bins, paying particular attention to cracks and crevices.

For packaged food warehouses, treat potential points of insect entry, as well as harborage sites in, on and around wooden and plastic pallets, pallet-racking systems, loading docks, scales, around cartons.
**INDOOR TREATMENTS**

**ONLY APPLY AS A SPOT TREATMENT TO AREAS NO GREATER THEN 2 FEET BY 2 FEET PER ROOM.**

**Crawling Insects:**
Apply Evergreen® Pyrethrum Dust, at the rate of 1.5 ounce per 50 square feet of surface area, into voids, cracks and crevices or other places where insects are traveling or harboring. Apply a continuous visible film underneath and behind stairs, behind and beneath sinks, stoves, refrigerators and other appliances, around garbage cans, cabinets. Treat on around and behind moldings, shelving, baseboards, doorsills, doorframes, floors, around drains, pipes and pipe openings, plumbing, bookcases, storage, utility installations and other areas where insects hide or travel. For severe infestations apply behind cabinets and walls, in crawl spaces and attics at the rate of 16 - 20 ounces per 1,000 square feet [4 to 5 ounces per 250 square feet].

**Fleas, Ticks, and Mites:**
For Cat Fleas apply Evergreen® Pyrethrum Dust only as a direct treatment. Treat on and around animal bedding, sleeping quarters, kennel, furniture, floor and floor coverings and all areas where these pests inhabit. Treat cracks and crevices behind around window and door frames, wall cracks moldings, shelving, baseboards, pipe openings and all other cracks. Treat the entire inside surface of doghouses. Do not treat dogs and/or cats with this product. For Ticks, apply Evergreen® Pyrethrum Dust, at the rate of 1 ounce per 70 square feet in places where the insects are traveling or harboring.

**Bed Bugs:**
Take bed apart. Apply Evergreen® Pyrethrum Dust at a rate of 2 oz. per 50 square feet of surface area into joints, channels, cracks and crevices on bed frame, headboards and footboards. Wall mounted headboards and their hardware should be removed and treated. If hollow, square or round tubing, see that the interior framework is well duster. Mattresses and box springs may be dusted, especially tufts, folds and edges. All furniture and furniture accessories in the room must be treated. Pull carpeting from tack strips and treat on and around moldings, cabinets, pipe openings, utility openings, shelves, ant trails, hills, wall voids, cracks and crevices and other points of entry into premises. Combine interior treatments with exterior perimeter application of Evergreen® Pyrethrum Dust.

**Powder Post Beetles**: *
To aid in protecting against insect entry. Apply to distribute Evergreen® Pyrethrum Dust through insect entry points, crawl holes into attics and crawl spaces of buildings, at a rate of 16 - 20 ounces per 1,000 square feet [4 to 5 ounces per 250 square feet]. All vents and blowers on the windward side should be closed so that all target surfaces can be treated. Contact all wood surfaces. In case of localized infestations, probe to locate galleries and enter points, behind chimneys, around foundations and foundation cracks, patios and deck joints. When treating for Asian Lady Beetles apply Evergreen® Pyrethrum Dust in, on and around areas with abrupt color contrasts on buildings (shutters, drainpipes, etc), southwest-facing or sun-exposed sides of buildings, and vertical corners of buildings.

**Phytotoxicity:**
Plant safety is an important consideration when using insecticides. However, it is not possible to evaluate the phytotoxicity of Evergreen® Pyrethrum Dust on numerous plant varieties that may react differently to insects in different growth stages or under varying environmental conditions. Before making widespread applications of Evergreen® Pyrethrum Dust treat a limited number of plants and observe for phytotoxicity over a 10 day period.

BUILDING PERIMETER TREATMENTS:
To aid in preventing entry and infestations of buildings by listed insects, apply 16 to 24 oz. of Evergreen® Pyrethrum Dust per 1,000 square feet [4 to 6 ounces of Evergreen® Pyrethrum Dust per 250 square feet] to building exterior as a perimeter treatment in a band extending 12' - 18' along and adjacent to foundation, and to a height of 2 to 3 feet up the side of the building where these pests are active and may find entrance.

TO KILL INSECTS HARBORING IN LAWSNS, LANDSCAPING, AND BACKYARDS:
To aid in the control of listed insects, apply Evergreen® Pyrethrum Dust at the rate of 8 to 24 ounces per 1,000 square feet [2 to 6 ounces of Evergreen® Pyrethrum Dust per 250 square feet]. For best results, lawn should be mowed one to two (1 - 2) days before applying, and clippings removed. Be sure to cover the entire lawn surface where insects are present, or normally frequent. Apply under ornamental plants, shrubs and trees. Do not water or irrigate immediately following application. Keep pets and children out of the treated area until after the dust has settled.

LIVESTOCK, DAIRY, SWINE, POULTRY AND OTHER ANIMAL BUILDINGS AND PREMISES
WHEN USED ON DAIRY BARNs OR FACILITIES: CLOSE MILK BULK TANK LIDS TO PREVENT CONTAMINATION FROM DUST AND FROM DEAD OR FALLING INSECTS. REMOVE OR COVER MILKING UTENSILS BEFORE APPLICATION. WASH TEATS OF ANIMALS BEFORE MILKING.

KILLS: Bed Bugs, Blacklegged Tick Nymphs, Chicken Mites, Deer Tick, Face Flies, Fleas, Flies, Northern Fowl Mites, Poultry Lice, and Stable Flies
To aid in the control of listed insects in listed indoor and outdoor animal areas, apply Evergreen® Pyrethrum Dust at the rate of 1 oz. per 50 square feet to cracks, crevices, voids, structural joints, floors, walls, wall joints, support beams, trusses, rafters, ceilings, around scales, chutes, gates, and other areas where insects harbor, alight, hide or travel. For larger area treatments use 16 to 24 oz. of Evergreen® Pyrethrum Dust per 1,000 square feet [4 to 6 ounces of Evergreen® Pyrethrum Dust per 250 square feet]. Avoid contamination of feed, feedstuffs or milking equipment. For ticks, apply Evergreen® Pyrethrum Dust, at the rate of 1 ounce per 70 square feet in places where the insects are traveling or harboring.

Apply 16 to 24 oz. of Evergreen® Pyrethrum Dust per 1,000 square feet [4 to 6 ounces of Evergreen® Pyrethrum Dust per 250 square feet] to exterior of livestock buildings in an 18” band along and adjacent to building foundations, and to a height of 2 to 3 feet up the side of the building where insects are active and may find entrance.

DOMESTIC ANIMAL USE
KILLS: Bed Bugs, Blacklegged Tick Nymphs, Chicken Mites, Deer Tick, Face Flies, Fleas, Flies, Northern Fowl Mites, Poultry Lice, and Stable Flies
For Ticks, apply Evergreen® Pyrethrum Dust, at the rate of 1 ounce per 70 square feet in places where the insects are traveling or harboring.

BEef, DAIRY CATTLE, HORSES AND OTHER LIVESTOCK:
Can be used in dust bags, shaker can and mechanical dust applicator to aid in the control or repellency of listed livestock insects.

DIRECT APPLICATION: Apply 2 oz. of dust per animal by shaker can, or suitable mechanical dust applicator over the head, neck, shoulders, back and legs.

APPLICATION THROUGH DUST BAGS: Place contents of this package in any commercially available dust bag, suspend bag in areas frequented by cattle or in gateways or lanes through which the animals must pass daily for water, feed or minerals. Bags may also be placed in loafing sheds or in front of mineral feeders. For dairy cows, bags may be suspended in the exit through which the cows leave the milking barn. The bags should hang 6 inches below the back line of the cattle. For reduction of Face Flies, bags must be located so animals will be forced to use them daily and hung at a height so that the face is dusted.
PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION
Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with plenty of soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Mixers, Loaders Applicators, and other handlers must wear the following:
• long-sleeve shirt
• long pants
• shoes and socks

USER SAFETY REQUIREMENTS
Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product’s concentrate. Do not reuse them.

ENVIRONMENTAL HAZARDS
For terrestrial uses: This product is toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash-waters or rinsate. See Directions for Use for additional precautions and restrictions.

Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This pesticide is toxic to fish and other aquatic invertebrates. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS
Do not use or store near heat or open flame.

KEEP OUT OF REACH OF CHILDREN
CAUTION PRECAUCIÓN
Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.

(If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID
IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-888-740-8712.
